# Faculty Supports Warriors

A great deal of the Warriors' success this year is due to the support received from the faculty and administration.

In the classroom, the faculty prepares us for the future. Here we receive the necessary background for our future schooling or occupations.

Outside of the classroom, teachers can be found sponsoring our many departmental clubs, activities, and sports. Behind every extracurricular activity is a teacher that is willing and eager to sponsor the students.

The students thank the faculty and administration for their lasting support. We hope each future school year is as successful as this one.

My past 4 years at Crete has certainly been an experience. The day I had applied to be the music editor had been very hectic for me. I was trying out for cheerleading after school, so my nerves were very uptight that day. Terry Lacy came up to me and said that I wouldn't be able to be music editor because she wanted me in a different position since I had a little experience than those who had applied. When she told me I had been chosen to be editor-in-chief I almost choked. I felt like I had no experience to handle a whole staff and run things. I started getting nervous about it wondering if I could do the job. I accepted the position and told her I would need to learn all about what I had to do.

I was sent to Quincy College for a week to be trained and learn about making a yearbook. After I came back, I was a little more confident in running the whole thing.

The day after I came back I had found out that Terry Lacy was taking a leave of absence and a new teacher was to be the sponsor. I could hardly believe this was happening to me. I'll say now that I would have regretted chickening out and quitting the staff. Mrs. Sylvia Robinson has done even more than I've done. She's kept the staff on their toes and encouraged us always. At first, I was hesitant to put my trust in her, but she's helped me all the way even though at times I've let her down. Thanks Mrs. Robinson for doing the almost impossible!

And of course, I couldn't let my staff down by not mentioning them. Thanks to all of you for putting up with me and putting all your extra time in to make this year's yearbook great! It took us awhile to get started but it all turned out.

Finally, I'd like to thank all of you for waking up this school and bringing a beautiful spirit back in the hearts of all. It was worth the hard work, tension, and worries of making this yearbook because in the future, when I look back, I'll be able to say, "Hey, I can remember that!"

Marianne

"Spirit"

Many years has passed and a day
Still we walk, in the path that
leads, to the light --

Shinning down, on this great beyond
Thoughts ignite us, let love unite us --
turn your face, to the wind and taste
his love within --

You'll find a friend -- everlasting love,
you can depend, everytime you smile --
you bless a child --
Our spirit perpetuates -- our spirit
meditates love and faith

We must make our brother see
that the light is he
shining on you and me
The land he gave
Roads we must pave
Thru each others eyes
Humanity will rise
in love --
And our spirit will
Be at one with thee.

Denise,
to the best friend a person could
ever wish for. We had a few
bad times but we always managed
to stay friends. Besides, with the
friendship we have nothing could
ever come between us! Whenever
anything was wrong I could always
depend on you for being there to
see me through it. Here is a
little poem I just thought of, I
tried to get Helen to think of
something else but she couldn't.
It might sound like something
you would write to a guy
but here goes anyway.

Even though we
are far apart,
you will always
remain in my heart!

Friends Forever,

Vicki

P.S. Don't forget
to write.

Denise,
you're the best friend I
ever had. We had alot of good
times, + alot of great things
we did. Thanks for being my
friend. Sure do miss you
hope to see you sometime

Love
Sandy aka Short Stuff

Denise,

I didn't really have a chance to get to know you but, I always enjoyed being with you in the hall saying a hello here + there wished we knew each other better but since we don't I'll say good bye + good luck in the years to come.
